**BILLY AWARDED FOR BRILLIANT SERVICE:**  
Born in Africa mentor and academic coordinator Belinda Coram received a Community Service Award from the Rotary Club of Plettenberg Bay on Sunday July 13. The unmistakable value and impact of Belinda's work was acknowledged, recognising her passionate commitment to upliftment and social development in the community. Billy joined BIA eight years ago and she is now both mentor and academic coordinator. This means that she heads up the social development programme - the heart of the organisation - and also works as mentor with a group of learners. In addition, she is responsible for the study bursary programme which currently sees 20 students studying at tertiary level, while a further nine students are expected to join the programme next year. In the pic, Belinda receives her award from past Rotary president, Ruby Chetty, left.
